### About NIT:

The National Institute of Technology (NIT), located in Biratnagar, Nepal, is the first private technical college in Biratnagar. It became affiliated with the CTEVT in 2052 B.S. and is registered with the Office of the Company Registrar Nepal. It has received recognition from the Medical Education Commission (MEC) and the Nepal Health Professional Council (NHPC). The college, in collaboration with Saptakoshi Aspatal and other related institutes, has been equipped with modern facilities to achieve its goal. Additionally, the institute collaborates with different organizations to offer engineering courses to its students.

### Message from Director

Dear parents and students,

I am delighted that you have chosen to read this preface in our prospectus, and I hope it will inspire you to strive for higher standards. I can envision a bright future for all of you, and with it comes a great deal of responsibility that you must fulfill to reach your full potential. NIT aims to create an environment that fosters practical skills, personal growth, leadership, effective communication, problem-solving, and overall innovation and entrepreneurship. Wishing you all the best in your future endeavors.

**Bhagawan Jha**  
Chairman

- Highly qualified teaching professionals
- Access to a well-stocked library, including e-library resources
- Purified drinking water
- Hygienic cafeteria
- Recreational facilities
- Extra classes for students who need additional support
- A variety of extracurricular activities to engage in

### Message from Principal

Dear parents and students,

It is my great pleasure to emphasize that the primary goal of our college is to produce a skilled workforce in the healthcare sector. As widely recognized, the history of NIT college bears witness to our students' academic excellence and their ability to shape their future successfully. We are wholeheartedly dedicated to nurturing intellectual individuals in the medical field. We take immense satisfaction in witnessing the success of our graduates in both the job market and further studies. In today's world, proper training and qualifications are more important than ever to navigate the different academic and professional stages of life. With this note, I extend a warm welcome to all the students joining our programs.

**Jeetendra Jha**  
Principal
